# CELEBRATE YOUR *Marriage*

---

This event can be a **one-time** evening of oneness or it can be the first step in keeping your marriage a priority in 2022. If you desire to build the habit of quality time together, this booklet is a resource for you to deepen your bond with your spouse through daily question prompts. As a couple, decide your rhythm for this. We recommend doing it daily for 30 days. You will discover new things about one another while being intentional about daily time together.

After you answer each question, write any reflections that you have from your time with your spouse or a brief prayer of praise to God for the gift of your spouse.
